JAKE KNOWLES

Front End Developer

EXPERIENCE

IPUSHPULL - Front-End Developer

since April 2019

Migrated the main web app from AngularJS to Vue and build a reusable component architecture to use throughout other intergrations such as Symphony and Microsoft Teams. Implement a continuous integration while running tests using Cypress and Bitbucket Pipelines.

AMIGO PARTNERSHIP - Front-End Developer

August 2015 - April 2019

I was working in a small development team of 6 to create and develop a bespoke CMS using AngularJS and our own API using GraphQL/Rails. I am responsible for leading a team to deliver a bespoke CMS and web app (including a native app, using Cordova), on a range of clients, such as, Rolls-Royce, O2 and Xcina. I am assisting with the growth of the company, to help improve the workflow and production throughout the development team in order to work more efficiently.

### MCCORMACK & MORRISON - Junior Front-End and Email Developer

October 2013 - July 2015

Building and maintaining websites and landing pages for companies using wordpress. Creating responsive emails and newsletters that work over multiple platforms.

CONTENTIVE - Web Developer Apprentice

September 2012 - October 2013

Building, testing and maintaining business standard websites for clients including Landing pages and HTML Email Templates.
